

To whom it may concern There's a Great Awakening. You will be held accountable voting for and forcing vaccines on the people. A non-UCC claim for damages will be filed for forced vaccinations. Billions of dollars have been paid out in vaccine injuries every year. I suffer from vaccine injuries. Every time there's a new dramatized epidemic, there's a push for more vaccines. Swine flu, bird flu you name it. It's being said that the strand of the coronavirus came from a lab in the first place. no doubt somebody intentionally let the cat out of the bag. Bill Gates admits to population control through the use of vaccines. Where is the logic in the media's portrayal that our unvaccinated children can infect supposedly immune vaccinated children. I have had countless testimony from friends that have gotten sick from a simple flu shot. I've heard testimony from a mom with triplets who's children one by one became autistic the same day they were vaccinated. I don't trust that the CDC. It's my God given right to deny anything being put into my body. For the Bible tells me so. Isn't it interesting that the coronavirus nicknamed COXID-19 translates to Satan=C Ovid=sheep 19=Slaughter.
